

### 1. Mechanical

You are not  
A machine  
You  
Are  
Not  
Mechanical  
You  
Are  
Not  
A robot  
You are human  
Not a machine

You  
Are  
Not  
mechanical  
You're not that pneumatic  
And this is no brave new  
world  
It isn't brave  
It isn't new  
It is ancient  
And so are you  
We were never meant  
To be enslaved  
By the things  
We have made

You are not  
A machine  
You  
Are  
Not

Mechanical  
You are human  
Not a machine  
You've got a heart  
You've got a soul  
You were never meant to  
be enslaved  
By the things you've made

### 2. Only Love

We are strangers here  
Strangers  
Do we really know  
ourselves  
Or where we came from  
Or what we're doing  
And why we're doing it  
We are strangers to  
ourselves  
Only love  
Only love  
Only love  
Only love  
Only love make any sense  
of what we're doing  
Only love make any sense  
at all  
Only love make any sense  
of where we come from  
Only love

Only love make any sense  
of what we're doing  
Only love make any sense  
at all  
Only love  
Only love make any sense  
of where we come from  
I said  
Only love  
Only love

### 3. Limited Liability

Limited liability  
The world is on fire  
With the fire of greed  
There is no limit  
To human greed  
The world is on fire  
The world is on  
fire

When you ask for water  
The pure water of love  
When you ask for the pure  
Water of love  
That don't mean gasoline  
That don't mean sending  
the kids to die

Limited Liability  
The world is on fire  
With the fire of desire  
The world  
is on fire

When you ask for the pure  
Pure  
Water  
When you ask for  
The water of love  
That don't mean turning the  
desert into glass  
Oh no  
Oh no

Don't you understand  
The sacred nature  
The sacred nature of man  
We were not born to die  
For limited liability  
Oh no  
That's not the spirit  
Of humanity  
People  
Oh people  
We need the water of  
The pure water of  
Love  
The pure water  
Of love

### 4. Wanna Be Good

I don't want to know about  
evil  
Wanna be good

I don't want to know about  
evil  
I don't want to know

I wanna know  
How to be good  
Wanna do  
What I should  
Only wanna know  
About good

### 5. The Bridge Tune

music only

### 6. The Sound

It started with a sound  
Look you here this solid  
ground  
We're living in deep space  
And the center's any place  
And nowhere to be found  
It all started  
Started with a sound  
With a sound  
With a sound  
With a sound

It started with a sound  
Look you here this solid  
ground  
We're living in the skin  
Ye there's a fire deep within  
There's an ozone hole  
There's the human soul  
And we're living in  
The fragile skin  
And we don't know what  
And we don't know when  
And we don't know where  
But it started with a sound

With a sound

#### 7. Nothing in Return

Well I hope  
For the impossible  
Yes I hope  
It comes true

Well I hope  
For the impossible  
Yes I hope  
It comes true for you  
With a love  
For the unlovable  
I know some day  
They're gonna love you

And do you trust your own  
state of mind  
Look at yourself  
Can you spare the time  
And what you find willing  
share  
For nothing in return  
Nothing in return

I wanna live in a world  
of love  
Had enough of all this push  
and shove  
If it's a choice it better  
be love  
It comes from above  
This thing called love  
For nothing in return  
Nothing in return

I wanna live  
I don't wanna  
Die  
And if I do I wanna be  
with the spirit  
By and by  
I wanna see my life from  
far away

The big picture  
And living for the day  
For nothing in return  
Nothing in return  
For the power of  
But the power of  
The power of  
Love

#### 8. River

*music only*

#### 9. Alien

Feel like a foreigner  
In my own land  
Feel like an alien  
On my own planet  
Feel like a stranger to  
The ones I love the most  
Feel like a stranger to my  
own land  
From coast to coast  
I'm a foreigner  
I'm an alien  
I'm a prisoner  
In my own mind

Feel like I wanna reach out  
And touch  
I wanna see  
Oh so  
Much  
But the eye is not  
Satisfied with what it sees.  
And the ear is never filled  
With the things that it hears  
We can never be satisfied  
No matter how much we try  
We are strangers to  
The very part we know  
the best

I'm a foreigner  
I'm a prisoner  
Of my own thinking  
Its time that I  
Opened my heart  
Opened my mind  
Opened my spirit  
But the spirit is blind  
Oh yeah  
Feel like a foreigner in my  
own land  
Like a stranger to the ones  
I love the most  
I want to reach out  
Reach out now  
Wanna find a way to break  
Prison bars that I make  
The prison  
That I made myself  
Don't wanna be  
An alien  
Or a foreigner  
Or a stranger  
Oh no

#### 10. Tree

*music only*

#### 11. Brother Sun Sister Moon

Brother sun  
Sister moon  
Shine your light  
Shine your light  
There's no darkness  
There's no poverty  
There's no sorrow  
Sister moon  
There's no darkness  
Brother sun  
and sister moon

Brother sun  
shine by day

Sister moon  
reflect his light  
and we're spinning around

Hanging in space

Its so beautiful  
Theres a reason  
why we live  
And why we die

There's a reason  
for everything  
There's a reason  
for it all  
Brother sun  
Sister moon

All songs written,  
performed and produced  
by Luke Hurley.
